

WOODCLEANER

5L

PRODUCT DISCRPTION

Ciranova Woodcleaner is a product for cleaning and degreasing of exterior wood. Woodcleaner may be used on new wood and already treated wood. Through the use of Woodcleaner a uniform final result will be obtained when the wood is finished with a Ciranova outdoor protection product. (Ecoprotector and UVP Decking Oil 2C)

USER INSTRUCTIONS

For a better performance, it is recommended to humidify the wood in advance. Afterwards apply the Woodcleaner with a brush. Scrub the wood with a soft scrubbing brush or use a buffing machine. Let the Woodcleaner soak some time and rinse the treated timber with water afterwards.

DRYING TIMES

Strongly depending on the temperature.

APPLYING QUANTITY

+/- 10 m²/per liter depending on the type of wood and preparation.

AFTER TREATMENT

After cleaning the wood with Woodcleaner, the wood should be protected with a finishing product from the Ciranova range. Make sure the wood is completely dry before applying a finishing product.

PRODUCT INFORMATION

Storage: 1 year in original and well closed packaging.

Ciranova[®] products are made for the professional user. The instructions specified in the data sheet are formulated after necessary tests were performed and after years of experience. However, they are drawn to our best knowledge and ability. The user must test the application of the product in the for him applicable conditions. Guarantee can not be derived out the text of this technical description.
